

Dental Resources

Pediatric Dentistry: We recommend a child's first dental visit at **12 months** of age, and then every **6 months** for checkups and other needed services.

- Pediatric dentists receive extensive schooling to treat the medical, developmental, emotional, and behavioral needs of your growing child.
- Nervous/anxious child? We understand! We strive to make the experience positive. We can use laughing gas and medicines to help children accept dental care.
- We can treat children in the operating room at SMH with the help of anesthesia doctors.
- Our clinic provides oral health care for children with developmental disabilities.
- Eastman Dental Center provides dental exams required for Head Start programs.
- Pediatric dentists at Eastman Dental provide dental exams necessary under the new law for all children entering kindergarten and grades 2, 4, 7, and 10.

Hours: Monday-Friday, 9 a.m.- 5 p.m. Call **(585) 275-5051** to make an appointment.
(Please note that we currently have a waitlist for new patients)

Walk-In Emergency: If your child has a dental problem or pain, please bring them to Eastman Dental Pediatrics, as we accommodate emergency visits for patients who need help right away. For emergencies during evenings or weekends, please bring your child to the Emergency Department at Strong Memorial Hospital. *(You do not need to be a current patient to be seen)*
